Changes for the Better

Add life to your presentations

Mobile XGA Projector **EX200U**

POINT 1 Light & compact design **POINT 2** Ease of Use

2.4kg weight, 2300lm brightness

The EX200U weighs in at a light 2.4kg for excellent portability, and offers an impressive projection brightness of 2300lm. Whether used in a meeting room or classroom, clear images are reproduced even in ambient light.

Wall Screen

Project natural colour images not only onto white or black boards, but light-yellow, blue, light-green or pink walls as well — turning nearly any wall into a projection surface.

Direct Power Off

The EX200U has a Direct Power Off function, which immediately cuts all power, eliminating the annoying power-down time previously required before unplugging the projector. When the presentation is over, simply turn off the power, disconnect the projector, and you're ready to go. A must-have feature for people that require mobility and have busy schedules.

Top-loading lamp

The projection lamp is installed in the upper section of the main body. Whether sitting on a shelf or suspended from the ceiling, lamp replacement is simple and easy*, and there's never a need to move the whole projector.

*1: A lamp replacement attachment is included to prevent the lamp from being dropped during replacement.

POINT 3 Ecologically friendly & Cost-efficient

Long 4,000hr*2 Lamp Life

By increasing the estimated lamp life, the EX200U has the added advantages of lower maintenance and reduced operating costs.

*2: When used in low lamp mode. Maximum lamp life in standard mode use is 3,000 hours.

*3: Lamp life refers to the average time required for brightness to be reduced by half, and not the time specified in the warranty. Lamp service life may vary widely depending on the environment and conditions, and whether or not cleaning and other maintenance procedures are followed.

Stand-by Mode under 1W

Stand-by mode power consumption is less than 1W, offering increased energy savings and further contributing to environmental preservation.
