WX Series

MULTI DRAWER

PREMIUM DESIGN THAT SAVES ON SPACE & ENERGY.

4.0 Star Energy Rating

The higher the energy rating, the lower the power consumption costs will be over time.

Premium Quality and Design

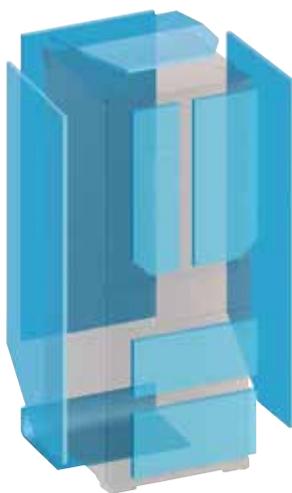

Unique LED Touch Screen panel and luxury glass door finish to complement most modern kitchens.

10 Year Compressor Warranty

Mitsubishi Electric Inverter refrigerators are backed by a comprehensive 5 year parts and labour warranty and a 10 year parts warranty on the Inverter compressor.

Refer to page 30*1 for details.

Smart Cube/VIP

Thanks to Vacuum Insulation Panel Technology, the WX series allow for maximising food storage space while maintaining a slim, sleek profile.

WX Series

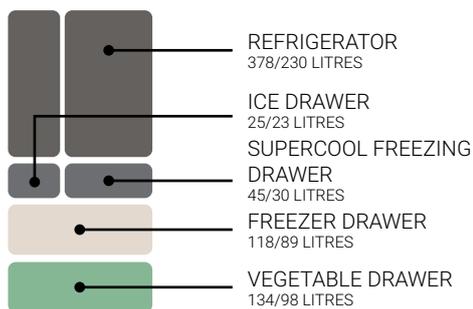

MULTI DRAWER

The innovative Vacuum Insulation Panel (VIP) and Smart Cube technologies maximise the WX Series capacity without increasing its dimensions. The luxurious glass door finish enhances the modern design.

Available in 700 and 470 litres catering for various kitchen sizes. The MR-WX470F is designed with a reduced height and width, to easily fit into a compact fridge cavity of 660mm width.

MR-WX700C / MR-WX470F FEATURES

- » Multi Airflow System
- » Power Save Mode
- » Temperature Sensors
- » Smooth Case Roller
- » 2 Adjustable Feet
- » Separable Shelf (MR-WX700C)
- » Two-Way Flexi Glass Shelf
- » Inverter Technology
- » Quick Ice Making
- » Sliding Top Tray
- » Washable Water Supply Parts
- » Supercool Chilling Case
- » Multi Temperature Setting
- » ECO Guide
- » Humidity Control
- » Aluminium Tray
- » Adjustable Door Pockets
- » Super Quiet Operation (15dBA)
- » External Touch Control Panel
- » Clean Tray (MR-WX700C)

Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish, or other perishable food without freezing it. This provides the convenience of food ready to cook without the need to defrost it.

Vegetable Drawer

VitaLED lighting system slows down the wilting process, keeping fruit and vegetables crisper and fresher for longer. The vegetable drawer features a tray at the top which is ideal for storage and organisation of smaller items.

Clean Tray

The Clean Tray was designed to keep the vegetable drawer clean with an anti-bacterial hybrid nano coating. This Clean Tray prevents dirt from sticking to the tray and is removable for easy cleaning.

(MR-WX700C)

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and all the parts are completely washable.

Supercool Freezing Drawer

The Supercool Freezing Drawer offers functionality in preserving food quality without losing moisture and taste. It has two main modes, Supercool Freezing and Hot Freezing.

Hot Freezing*

The LED Sensor is designed to detect hot food and adjust the cold air flow directly onto the hot food. This saves time while also preserving the quality and freshness of the food.

Soft Freezing*

Soft Freezing allows food to be frozen for up to three weeks in a 'soft' state. This means meat can be easily cut without thawing.

Supercool Freezing*

Ensures food is frozen evenly, minimising cell destruction, preserving its freshness, texture and locking in maximum flavour.

*Please note these modes must be manually set in order to function.

MR-WX700C-B

Refer to page 30¹¹

LX Series

FRENCH DOOR

The first thing you notice about the LX Series is its striking looks with toughened glass front panels, presenting a luxurious finish. French doors open up to reveal spacious wide shelving.

The French Door design delivers a wide internal space, perfect for large platters and ensuring maximum storage capacity.

Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish, or other perishable food without freezing it. This provides the convenience of food ready to cook without the need to defrost it.

Vegetable Drawer with VitaLED

Designed to maximise the freshness of produce. The drawer features a higher humidity than the main refrigerator compartment and is ideal for storing and keeping fruit and vegetables crisper and fresher for longer.

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and the Ice Maker is ready to go!

Endless Intuitive Features

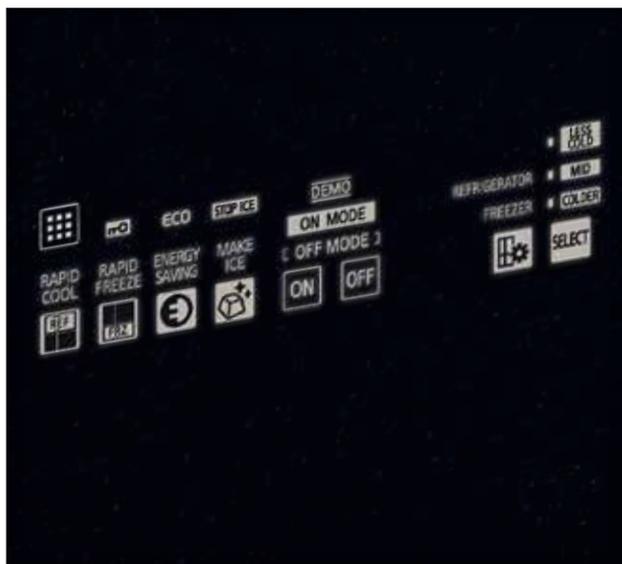

A unique LED control panel lights up with just a touch to provide access to all the settings. (MR-LX564ER)

L4 Glass Series

FRENCH DOOR

Easy to use LED Touch Panel features three smart operation modes so that the refrigerator can perform optimally, in line with the user's needs.

L4 Glass Series

FRENCH DOOR

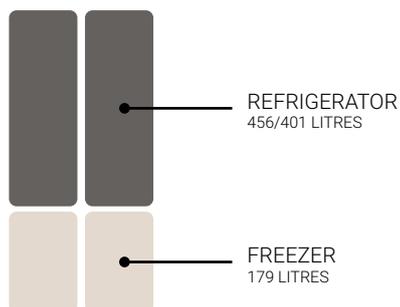

The new L4 Glass Series is designed for larger living and now features an Automatic Ice Maker that doesn't require plumbing connection. The toughened glass front panels present a luxurious finish.

The L4 Mini Glass (580L) is designed with a reduced height, to easily fit into a French Door cavity with overhead cupboards. The easy-to-use LED Touch Panel features three smart operation modes so that the refrigerator can perform optimally, in line with the user's needs.

MR-LA635ER-GBK

MR-LA580ER-GSL

Designed for larger living

Providing more usable space for items such as bulky groceries and platters.

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and all the parts are completely washable.

Vegetable Crisper

Designed to store fruit and vegetables. Some require more humidity than others, that is why the humidity controls will help to regulate the amount of moisture in the crisper.

Touch Control Panel

Featuring three smart operation modes - including Eco Mode, an energy saving setting which automatically adjusts the temperature, and Rapid Cool or Freeze which cools quickly to preserve the freshness of food.

Multi Airflow System

With 6 different temperature points in the fridge, this technology efficiently cools all food, even in hard-to-cool places such as filled door pockets.

Large Capacity

The French Door design delivers a wide internal space, perfect for large platters and maximising storage capacity.

Large Bottle Pockets

The smart big bottle door pocket is designed for convenient storage and retrieval of large and small bottles.

Glass Door Finish

Toughened glass front panels present a luxurious finish that are easy to keep clean.

Refer to page 30¹¹

HGS Glass Series

BOTTOM MOUNT

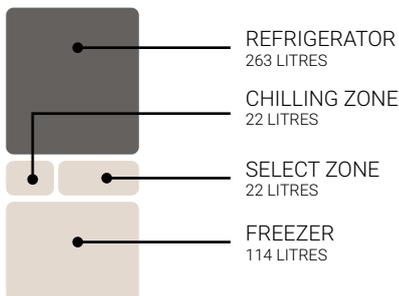

Combining style and functionality for the modern home, the HGS Glass Series bottom mount fridge has a unique 50:50 door design which is more aligned with standard Australian kitchen benchtops.

It features a sleek glass front door, a customisable zone for soft freezing or chilling, an automatic ice maker, and a Freshbox with VitaLED.

MR-HGS421EX-GBK

MR-HGS421EX-GWH

50:50 Door Design

A premium look for a modern kitchen - the 50:50 design integrates into most existing cabinets and may align with standard kitchen benchtops (900mm).

Automatic Ice Maker

There is no need for a separate plumbing connection.

The removable water tank can be filled with water and the Ice Maker is ready to go!

Fresh Box VitaLED

Avoid food wastage and properly store your produce with the VitaLED - it slows down the wilting process, keeping your fruits and vegetables crisp and fresher for longer.

Blue Catalyst Deodoriser

A fridge that smells clean and fresh! The Blue Catalyst Deodoriser has an inorganic antibacterial which helps reduce any odours.

Select Zone

Features two main modes: Soft Freezing and Chilling, with 4 temperature settings, ranging from approximately -9°C to 0°C.

Customise the temperature based on your needs - chilling is ideal for storing foods like sausages, deli meats and cheese, and Soft Freezing keeps food 'softly' frozen.

Soft Freezing

Available in the Select Zone, soft freezing allows food to be frozen for up to three weeks in a 'soft' state at about -7° C. This means food, like meat, soup, and sauces, can be more easily cut, divided or scooped without thawing.

Refer to page 30¹¹

HS Steel Series

BOTTOM MOUNT

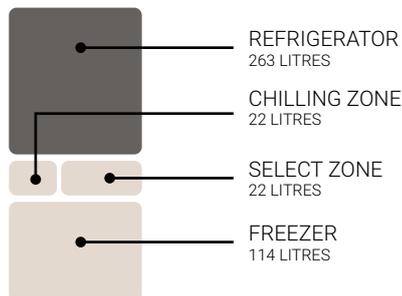

Crafted to blend style and utility in contemporary households, the HS Steel Series bottom mount fridge has a distinctive 50:50 door design which is more aligned with standard Australian kitchen benchtops.

Featuring a customisable zone for soft freezing or chilling, an automatic ice maker, and a Freshbox with VitaLED, it combines convenience and sophistication for the modern home.

MF-U218ET-W

Two-Door Design

Helps reduce the loss of cold airflow when opening each door, resulting in a better cooling efficiency.

Better for organisation - the upper freezer section can be used for everyday food, including ready meals, while the lower section for long term storage (like frozen vegetables).

Built-In Door Handles

Say goodbye to handles protruding from the surface and hello to a sleek and streamlined design. This helps save even more space, especially in smaller areas where every millimetre counts. Get the most out of your space with this smart and functional feature.

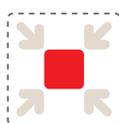

Rapid Freeze

To freeze items quickly, simply press the "Rapid Freeze" button to activate the fast-freeze cycle. The movable Aluminium tray helps to cool down and freeze items even faster.

Dual LED Light

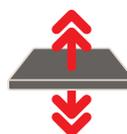

The LED lights will illuminate when opening the upper or lower door - which can help visibility in darker spaces.

Compact Dimensions

Designed with smaller spaces in mind including small kitchens, butler pantries, garages and laundries.

Large capacity despite its compact and slim dimensions.

Adjustable Glass Shelf

The bottom tempered glass shelf can be moved up and down, making it ideal for accommodating taller items. Upgrade your storage space with this easy-to-use feature.
