A Life More Electric

MSZ-AP Series

The MSZ-AP Series is engineered for high performance and lower operating noise, with a streamlined design that blends seamlessly with your décor.

Built-In Wi-Fi Control^{*1*2}

Unlock the door to smarter heating and cooling systems, for total home comfort. Connecting your compatible Mitsubishi Electric air conditioner to your smartphone, tablet or online account, gives you the freedom to control each unit on-the-go via an internet connection from anywhere in the world.

Dual Barrier Coating

The advanced Dual Barrier Coating on the heat exchanger and inner surfaces reduce dust and greasy dirt from adhering to it. This not only helps the unit stay cleaner for longer but also makes cleaning the unit easier.

Vertical & Horizontal Vanes^{*2}

Large vertical and horizontal vanes provide flexible airflow control, allowing you to direct air where it's needed most for enhanced comfort throughout the room. Easily adjust these settings at the touch of a button on your remote controller.

Quiet Operation

With the MSZ-AP25, the "Quiet Mode" fan speed setting ensures quiet operation, as low as 18dB(A) on heating mode; it's so quiet you'll check to see if it's on.^{*3}

For full specifications, please see the QR code on the front of the flyer.

*1 Account and Internet Connection Required.

*2 Excludes MSZ-AP20.

*3 Tested in an anechoic chamber according to EN 12102-1:2017.

*4 The Capacity (rated), Total Input (rated) and Running Current (rated) are determined under conditions T1 (cooling) or H1 (heating) of AS/NZS 3823.1.1
Cooling: Indoor 27°CDB/19°CWB, Outdoor 35°CDB/24°CWB
Heating: Indoor 20°CDB/15°CWB, Outdoor 7°CDB/6°CWB

*5 ZERL (Residential) refers to 'Zoned Energy Rating Label' residential star rating based on GEMS 2019 Determination.
